BANGALORE

30th November, 1935

Dear Mr. Noronha,

I am in receipt of your D.O.No.2160 of yesterday in regard to the acquisition of certain properties on the Mysore Road in Bangalore City. This matter has, for the present, been deferred by the Chief Secretary's letter No.P.3380 dated 19/21-11-1935 (copy enclosed) in which it has been suggested that the question may be brought up for consideration next year. The matter is not pending with this department.

The only way in which the matter can be settled expeditiously is for Government to find the money for the acquisition of the land. In my opinion, it is highly desirable that this should be done, not entirely in the interests of the Police Department but for the public benefit since, as things are, a vast number of squalid and insanitary havels have been and are being put up on this land to the danger of the public health and the amenity of the locality.

Yours sincerely,

56 The Municipal Council have approved of the plan and valuation statement for Rs 77,536 for the acquisition of lands on the Mysore Road for the construction of Police Lines and to divide the remaining portion into building sites and have observed that Govt will have to pay the cost of the acquisition of the area taken by them. The Municipal Commissioner however states that, in the present conditions of the finances of the Municipality, there is no immediate prospect of taking up the acquisition of the properties.

57 The Municipal Commissioner also reports that the insanitary area referred to by the D of P of Police is the locality known as Anjanappa's garden, S. No 14 of Bhoganahalli Village measuring

1) Acquisition of properties in the Mysore Road for the construction of Police Lines

2) Acquisition of properties known as Aryaveppa's garden for keeping the locality in a sanitary condition

Regarding 1), the Municipality have agreed to acquire the whole area and hand over to the Police Dept the portion required for the Police Lines, provided they pay for it and dispose of the remaining area as building sites But the Municipal Commr states that it is not possible to take up the acquisition scheme now for want of funds

Regarding 2), the Commissioner says that the Municipality has no use for the lands and if the Police Dept want the locality to be kept in a healthy and neat condition, it is up to them to acquire the lands

63 But as ordered by the Chief Secy, the Mc Commr will, if approved, be asked to state why it should not be taken up as a City Improvt Work

CHIEF SEC
12 JULY 1935

From

B. Venkatesa Rao, Esq., B.A., B.L.,
Advocate,
Kottige Lane,
Bangalore City.

To

The Chief Secretary to the Government
of His Highness the Maharaja
of Mysore, Public Offices,
Bangalore.

Dear Sir,

Under instructions received from my client Mr. Syed Mohideen alias Sydu Sab, residing in Door No. 34, Ranasingpet, Bangalore City, I wish to inform you as follows:-

1. It has been represented to me that in reply to his petition to the Dewan dated 22-3-1935, requesting for permission to form Building Sites in S.No. - 145/1, abutting on the Mysore Road, he is informed that the land in question is required for the construction of Police Lines and that the lands will be acquired as per orders of Government, by your Office - Endorsement dated 22-4-1935.

2. In this connection, I wish to bring to your kind notice that the application for License was - made as far back as 16-12-33 and since then, he has been prevented from the exercise of his right to - build by the refusal of the license, by reason of the contemplated acquisition; but, no proceedings have been taken so far to effectuate the said intention.

3. So far as my client's information goes, no declaration under Section 6 has been made and the matter is said to be under correspondence.

4. I

Forwarded with compliments to the Municipal Commissioner, Bangalore City (Telegraph the President) for early disposal in continuation of this office memo No. 6808 dated 1-4-35

4. I wish to point out that, both in law and equity, my client is entitled to the compensation for the loss of profits, which he would have realised by the construction of the proposed structures, but for the intervention of the acquisition proceedings and the consequential refusal of the license for the land from December 1933 until the passing of an Award, or taking possession of the premises whichever is earlier. My client assesses the damages at Rs. [illegible] per annum, being the loss of profits.

5. There is no impediment to the Government or the Land Acquisition Officer from taking immediate possession of the land in question by other proceedings to make the Award. He offers to give over possession, to facilitate the completion of the acquisition proceedings at an early date.

6. In view of this fact that the land in question is very valuable, it is necessary, in order to prevent further loss of interest and profits to my client, that immediate steps be taken to proceed with the acquisition and to take possession of the land and for passing an Award.

Under these circumstances, I am instructed to request you that an Award may be passed at a very early date; and if that is delayed for any reason, possession of the land may be taken to enable him to claim the benefit of Section 34 of the Regulation. If there is any further delay, my client will be obliged, very reluctantly, to seek such redress as is open to him under the Law in respect of the delay in the completion of the acquisition by Government.

I beg to remain, Dear Sir,
Yours faithfully,

Bangalore,

CHIEF SECRETARY 1 AUG 1936

SIR,

In forwarding herewith copy of letter No.G.C.37/36 dated the 21/22nd July 36, from the Assistant Superintendent of Police, Provincial Reserve Police regarding the insanitary condition of the area behind the Provincial Reserve Police lines covered by some huts, I have the honour to state that the locality referred to is a thickly populated colony - consisting of low roofed huts and the whole area is kept in a most insanitary condition. It is filthy, insalubrious and nauseating. The Dewan Saheb during the course of his visit to those parts over a year ago had instructed the Municipal Commissioner, Bangalore City Municipality, to acquire the site and hand it over to the Police Department but nothing has been done so far. The stench arising from the area is repulsive and the existence of this collection of insanitary huts is a danger to the health of the force.

I therefore request that early action may kindly be asked to be taken in the matter of the removal of these huts.

I have the honour to be,
Sir,
Your most obedient servant,

for Inspector General of Police.
O/ absent from H.Q.

NK.

Letter No.G.C.37/36 dated 21/22nd July 36 from the Asst.Superintendent of Police, Provincial Reserve Police to the Inspector General of Police in Mysore, Bangalore.

I have the honour to state that just behind the - Provincial Reserve Police lines adjoining to the "Hill Tower" a thickly populated cooly colony consisting of mostly low roofed huts is located and the locality is very near to the mill tank and is kept in most insanitary condition. The inhabitants - living in the huts are resorting to the adjoining hill for easing themselves, thereby causing much nuisance and unhealthiness to the officers and men living in the Provincial Reserve Police line

By the way in which these cooly huts are kept by the inhabitants, the epedemic diseases may break out at any time and it is most unsafe that the locality should be so close to the Government quarters.

I understand that smallpox which once broke out in the cooly huts a year back carried infection to the lines and by taking timely precautionary measures the spread of the disease in the lines was checked.

There being no partition wall or fence between the cooly huts and the lines, the cattle and pigs etc. are stated to stray into the premises of the lines and cause much nuisance.

Under these circumstances it is very desirable in the interest of Public health of both the persons living in the huts and in the lines, that these cooly huts should be shifted from the place and provided houses of larger dimensions in a better locality on higher level. Until this is done, necessary steps are to be taken to keep the locality clean and healthy.

I therefore request that the Inspector General of Police in Mysore, Bangalore will be pleased to address the Municipal - authorities in the matter

SIR,

With reference to your Memo No.L.1210 dated 11th instant sending a copy of the letter addressed to the Municipal Commissioner, Bangalore City, in regard to the acquisition of certain properties on the Mysore Road, I have the honour to state that the locality referred to by me is the one situated to the North of the Police lines, adjoining the rock at the North-eastern side of the line houses. The locality referred to in your letter under advertance, is the one situated on the other side of the Mysore Road, i.e. Chamarajapet side. The former locality being somewhat away from the main road and sheltered by the rock and ridge has afforded facilities for the springing up of miserable and ill kept huts. Situated very near the lines, they have been a source of great inconvenience and annoyance to the lines and if these houses that I have suggested, should be removed and the site on which they stand, acquired, in my letter of the 29th ultimo (B C.12/36-37).

I have intimated to the Municipal Commissioner, Bangalore City, the particular site I am referring to.

I have the honour to be,
Sir,

Sir,

With reference to your letter No.1210 dated 11th August 1936 forwarding a copy of letter No L1.1748/35-36 dated 27th July 1936 regarding the acquisition of certain properties on the Mysore Road required for the construction of Police lines, I have the honour to submit herewith a copy of the resolution of the Municipal Council on the subject, approving the plan and valuation statement for Rs.77,356/- for the acquisition of the land referred to in your letter No.L.5376/M1.dated 17th January 1936. In the present conditions of the finances of the municipality, there is no immediate prospect of our taking up the acquisition of these properties.

From the letter No.B.C.12/36 ~~of the~~ dated 31st July 1936 from the Inspector General of Police it is clear that the area referred to by him is not the one in respect of which correspondance has been going on. The land which the Inspector General of Police is referring to is the locality known as the Anjanappa's garden, Survey No.14 of Bogenhally village, comprising an area of 4 acres and 20 guntas. Of this area, permission has already been granted years ago to convert 2 acres and 20 guntas of land for non-agricultural purposes. A number of sheds have sprung up in the past. No new sheds have been permitted. Special attention is being paid to the sanitation of this area. The owner has himself proposed to improve the locality. Being close to the Police lines

P.t.o.

lines it appears very desirable to acquire it for Police Department. The municipality has no use for it.

The acquisition of the above properties viz. garden, is estimated to cost about Rs.12,000/- roughly. If Government sanction the proposal of acquiring this area, I shall take further action in the matter.

I am sending a copy of this letter to the Inspector General of Police.

My dear Mr Seshadri,

With reference to your proposal for acquisition of certain properties on the Mysore Road, I am desired to state that the Secretary Member of Council will be glad to see the several plots of land referred to, on Monday morning (9th instant). I am to request that you will be so good as to arrange to meet the Member at his residence at 8 a.m. that day.

M. Seshadri, Esqr., M.A.,
Municipal Commissioner,
Bangalore City Municipal Council.

Inspector General of Police was asked whether any

Note

It was stated by the Municipal Commissioner, Bangalore City that it was suggested during the Inspection of the Dewan in 1934 that certain properties to the South of the Mysore Road and between Nizam Mohadin Mohalla and IVth Cross Road, Chamarajpet i e.,opposite the Provincial Reserve Lines might be acquired for the construction of Police Buildings The Municipal Commissioner took necessary action and got up a plan and a valuation statement of the lands and sent them to the Inspector Generalof Police in Spetr.1935 for opinion as to whether proceedings might be taken up for acquisition of the lands. The cost of acquisition is said to amount to Rs.77,356 The Inspector Generalof Police replied to the Municipal Commissioner, that only a portion of the lands would be required for Police Buildings i.e., blocks 3 and 4 and the acquisition of the remaining portions i e., blocks 5,6 and 7 would have to be done to remove the existing insanitary huts and buildings with a view to keep the locality in sanitary condition Simultaneously a reference was made by the Inspector General of Police to Government suggesting that the acquisition of the lands proposed by the Municipal Commissioner might be taken up and buildings for additional lines for the Reserve Police and City Police (Chamarajpet and Kengeri Gate Police Station men might be put up as funds permit. The Inspector General of Police was asked whether any

any money could be found from the grant for the Police buildings in the current year. On his replying in the negative, the question of acquiring the lands has been ordered to be taken up for consideration next year

While the proposals for the acquisition of the properties are pending, the municipality are not in a position to grant licenses to the owners to utilise the lands otherwise. Mr Syed Mohodeen owns a plot of land measuring 8000 sqr yds. which is one of the properties intended for acquisition and he has been urging the municipality from 1933 either to grant him license to divide the piece of land into 20 building sites and to construct tenamental houses or to take his land by acquisition for Govt purposes. He is prepared to relinquish the land immediately and take compensation He has been repeatedly petitioning Govt. that he is put to great difficulty in that his creditors press him for payment and so on.

The Municipal Commissioner thinks that the acquisition of the properties is for the benifit of the Police Department and that (probably) the ways and means for meeting the cost has to come from the Inspector General of Police, while the Inspector General of Police is of opinion that only a portion of the lands will be required for Police buildings and that major portion ~~are~~ to be acquired for keeping the locality in a sanitary condition for

for which the Municipality is responsible and as such the cost has to be met by the municipality.

In his latest letter the Inspector General of Police says that the only way in which the matter can be settled expeditiously is for Government to find money for the acquisition of the land. He is of opinion that it is highly desirable that this should be done, not entirely in the interests of the Police Department but for the public benefit since as things are, a vast number of squalid and insanitary ~~kaxkk~~ hovels have been and are being put up on this land much to the danger of public health and detrimental to the amenity of the locality The Dewan has noted on the Inspector General of Police's letter in regard to this that "This should be prevented in any case."

The proper solution perhaps is for the municipality to acquire the whole of this land in the first instance and to give over to the Police Department whatever portion is needed The rest may be divided by the municipality into proper sites and sold by them to the public for building houses If the municipality is not agreeable to do this, the Government will have to finance for the acquisition and get the land acquired for ~~purposes of~~ Government.

If necessary, the site of Mr. Syed Mohideen who is urging about the grant of license to build or acquisition may be acquired during the current year and the rest acquired next year.
